43	4	6.0
59	5	4.5
43	3	5.0
25	2	3.5
42	4	7.5
34	3	8.5
29	5	6.0
55	4	6.5
23	3	5.5

Data mining can be helpful in the exploratory phase of an analysis. **Minitab** is a software product that helps to analyze the data. Here data is analyzed by using Minitab. Boxplot, histogram, scatterplot, probability plot, distribution plot, pareto chart, bubble plot, dotplot and Xbar-R chart are drawn on basis of the data in the table above.
